"The standard every charter demands"

JPF CO. is a dedicated maritime supply partner for superyacht and mega yacht operators — delivering consistency, craftsmanship, and on-spec precision across every vessel in their fleet. Based in the Port Said Free Zone, Egypt, we dispatch to any berth, anchorage, or charter port across Europe, the Gulf, East Africa, and the Indian Ocean.

From hand-selected Egyptian long-staple cotton for owner staterooms to SOLAS-certified crew workwear and bespoke flag-deck amenity programmes — every item is curated to super yacht specification.

We don't deal in approximations. Quality, precision, and on-charter delivery are not aspirations — they are the contract we keep.

Every item that crosses the gangway reflects the vessel's standing. We ensure it always speaks of excellence.

For All Vessels From 30m LOA to 100m+ superyacht class

Crew Uniforms & Onboard Apparel

01

Fully tailored uniform solutions across all departments, coordinated to your vessel's livery and operational profile.

Guest Luxury Egyptian Cotton Apparel

02

Sumptuously soft, extra-long staple Egyptian cotton robes and guest wear, delivering an unrivalled touch of luxury across every stateroom.

Egyptian Cotton Towelling & Ensuite Dressing

03

Sumptuously woven, 900 GSM Giza extra-long staple cotton bath sheets and ensuite towelling, draped across every stateroom and heads compartment to the finest superyacht hospitality standard

Stateroom Textiles & Linens

04

Premium Egyptian cotton sateen performance marine textiles, dressed and fitted to your vessel's interior specification.

Galley, Dining Napery & Kitchen Linens

05

Finest Egyptian cotton table linens, napkins, galley cloths and kitchen textiles, dressed and supplied to the highest superyacht dining and charter hospitality standard.

Natural Luxury Amenities & Bath Essentials

06

Premium shampoos, hand soaps and shower gels, crafted from the finest natural ingredients and curated to deliver a five-star spa experience across every guest bathroom.

Jaguar Performance Factor (JPF)

- *Lightweight, breathable cover-ups and resort wear tailored for life on the water*

Sleepwear Collection

- *Whisper-soft pyjama sets and sleep shirts in pure Egyptian cotton sateen*

Bespoke Monogramming

- *Each piece finished with the vessel name, owner's burgee or guest initials upon request*

Luxury Amenities

- Infused with the evocative top notes of white jasmine and oud, layered over a warm base of cedarwood and sandalwood, every amenity placed within a JPF outfitted guest head is crafted from an exacting selection of nature's finest ingredients.
- Our luxury products formulations are built on a foundation of cold pressed argan oil renowned for its exceptional ability to restore moisture balance and impart a lasting mirror gloss to the hair shaft combined with raw shea butter, rich in oleic and stearic fatty acids that deeply condition and seal the cuticle from root to tip.
- Pharmaceutical-grade aloe vera gel provides the base hydration layer, soothing the scalp while enhancing lather clarity and rinse purity. Provençal lavender and white tea extracts are woven through the formulation for their natural antibacterial and antioxidant properties, whilst a concentration of keratin rich quinoa protein strengthens and fortifies each strand against the drying effects of salt air and sun exposure at sea.
- Free from sulphates, parabens, silicones, and synthetic fragrance, every bottle is a distillation of botanical precision presented under the vessel's own livery, sealed with the discretion of a house that understands that true luxury requires no announcement.

Nothing artificial crosses our gangway. Pure by origin. Impeccably presented.

Luxury Amenities

- Infused with the evocative notes of oud, white jasmine, and cedarwood, our amenities are crafted from the purest cold-pressed oils and pharmaceutical-grade extracts. Entirely free from synthetics, each selection is as refined in presentation as it is uncompromising in quality. Nothing artificial crosses our gangway.

Global Fleet Distribution & Delivery Network

Wherever your vessel drops anchor

Dispatched from our bonded Port Said City Free Zone facility, every JPF consignment from hand finished stateroom linen to fully manifested crew uniforms moves in precise alignment with the vessel's charter programme, berth rotation, and inbound port ETA. Each order is grade inspected at origin, itemised on a full packing manifest, and cleared for outbound freight under comprehensive cargo insurance.

End-to-end shipment tracking is maintained across all transshipment waypoints, with door-to-berth priority freight engaged when charter turnarounds demand it. When the lines are let go, every stateroom is dressed, every crew member turned out, and every amenity staged precisely where it belongs.

FROM THE CHAIRMAN

It is a privilege to watch our reach grow — not merely in geography, but in the depth of trust our partners place in us. The superyacht sector does not tolerate compromise, and neither do we. That standard is not imposed on JPF — it is intrinsic to it.

ENG. FADY FAYEZ — Chairman, JPF Investments Co.
